FAMILY NEWS

We had a great Area-wide worship this past Sunday night at the Expo. We had several hundred brothers and sisters from all over the area come together for worship and fellowship. Praise God for the great blessing of getting to come together this past Sunday night. We still have several on our prayer list who need God's healing power. Let's continue to pray for our brothers and sisters who are in need. We also need to pray for those in need outside of the Lord's church. We have a very important event coming up in two weeks. On January 26th our ladies are hosting a teachers workshop. This is such an important event. We all recognize that we need to be teaching our children God's Word, but sometimes it's very hard to find teachers. Please prayerfully consider being a part of this workshop. Even if you join to be a helper in the classroom this is a great blessing. May God bless our church family as we live for Him.

The Power of Touch

We will begin a new series; "Loving like Jesus" this Sunday. Our first lesson in the series is about the power of touch. We all need physical contact with other people. From hand shakes to big hugs we all as God's creation need contact and connection with people. Jesus knew this and touched many people in the Bible. He even touched lepers to heal them. He didn't have to touch in order to heal. He many times healed people without touching them. But with this leper in Mark chapter 1 Jesus touched him.

"A man with leprosy came to him and begged him on his knees, "If you are willing, you can make me clean." Filled with compassion, Jesus reached out his hand and touched the man. "I am willing," he said. "Be clean!" Immediately the leprosy left him and he was cured."

Mark 1:40-42 NIV

Why did Jesus touch the Leaper? Because He was filled with compassion. We as followers of Christ should fill our lives up with compassion for those who need the Love of Christ. Let's join together this Sunday to seek the power of Christ's love through touch.

See you soon.

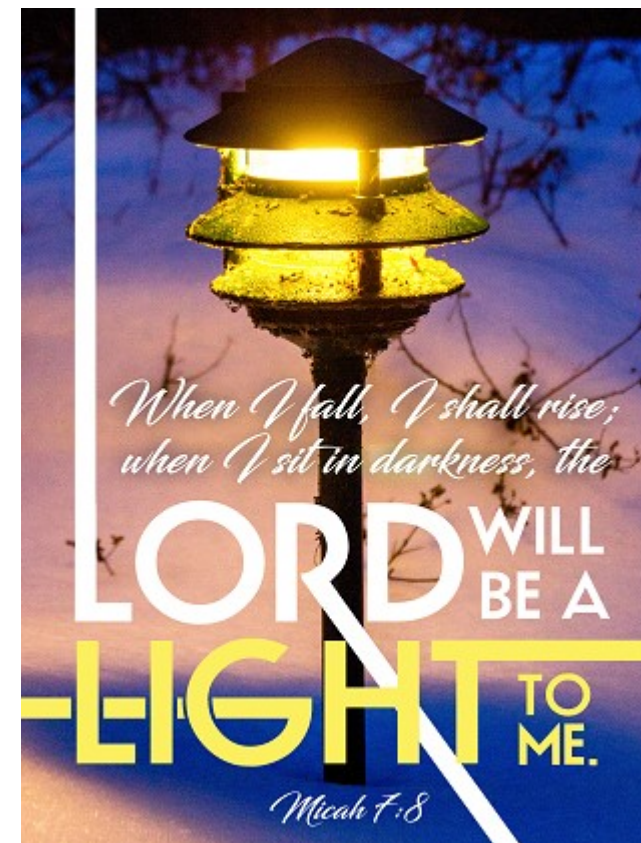

Your brother

Jimmy Hyde

PRAYER CONCERNS

Paula Harris spent a few days at St. Anthony, OKC for the doctors to determine what was causing her problems. They decided that it was severe side effects from her blood pressure medication. She was released to return home on Tuesday afternoon. Please continue to pray for Paula as she recovers and gains back her strength.

Pam Snider, the daughter of **Dennis** and **Carol Brodersen** that lives in South Carolina, was taken to the emergency room with blood loss. After many difficulties the doctors have been able to drain the fluid from her brain and she is in much better condition. She is awake and communicating with family and the doctors. The family are planning to stay there to be sure that the improvements continue. The trip was difficult for Carol and she is staying in bed for the time being. Please keep all this family in your prayers.

YOUTH NEWS

By **NATHAN KELLY**

The teens has a fantastic time with the other local teens Sunday night, and I got reminded how out of shape I really am. Great start to the new year. After hearing from all the parents, it looks like there is a little more interest in going back to LTC this year instead of going to EPIC, so that's what we're going to do. Let the training begin. I'll be touching base with everyone very soon about events and coaches.

After Praise Him, all the youth groups met at Northridge and Philip Wolke had some games for us to play. There was one that got the youth ministers involved a little more than the other. By the end, we were all sucking down air. Let me tell you, there's no way to look cool when you're out of breath (not that I was trying). On the 7th day of Creation, God stopped creating, not because He was tired, but because He was setting an example. We all need to rest. We can't keep going like He can. God did all the hard work so that we can find rest in Him (Matthew 11:28).
